Letter of Appeal

The Funding FRN 789280; was not approved indicating that "Current deadline guidelines and procedures do not allow approval for the reason submitted"

We have been very patient and have complied with every request. This is related to a funding granted in 2004 corresponding to year 5: 2002-2003.

All the information requested, extensions, PIA compliance, forms 472, 486 and 500, were filled on time. Yet we kept on getting other requests or, not getting any information about the status of this funding. We have purchased the equipment this FRN refers to, with school's very needed money and are in financial stress, we have been granted the funds to pay for part of this, but never received it.

Based on the facts that we have complied with every request through the whole five year period, we do not understand why we keep on getting requests or notices of denial and not the funds. We request that the funding commitment be fulfilled.

Sincerely,

Rabbi Simcha Weiser
Headmaster
